24.1.25

Dear Families

The weeks are beginning to fly by again now and we will soon be half way through this school year. On Tuesday morning the whole school had a great time when M&M Productions brought the pantomime Beauty and the Beast into school. The children joined in with much enjoyment and a big thank you must go to FOMHS for funding such a wonderful experience, and to all our families for supporting FOMHS events.

On Wednesday, Richard Lander School held their termly meeting for their feeder schools and we talked about transitions for our Year Six children and future sports events and other activities. There is still no news on the new Perranporth Academy but we will update you as soon as we hear anything.

Celebrations

We held our Friday Whole School Celebration Assembly today and it was lovely to share the news from each class with everyone and celebrate all the hard work together. All of our children make us very proud each week, and to gain this additional recognition is very special.

Class	Celebration	Achievement
Mousehole	Jesse	Hazel
Godrevy	Cora	Bearen
Longships	James	Yzella
Pendeen	Perran	Diggory
Carne	Josh	Myah
Lamorna	Kavi	Isaac
Allen	Charlie	Rusty
Kenwyn	Casey	Seb
Truro	Stan	Neve

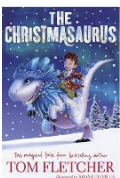

My Personal Best Life Skills for next week are...

EYFS and KS1 – Resourcefulness

KS2 – Problem Solving

We will explore these life skills and link them to our ASPIRE values, encouraging their use in all our activities. You can read more about this here - [My Personal Best - Youth Sport Trust](#) and here - [Mount Hawke Academy - Ethos, Aims & Values](#)

Recommended Read

This week, Pendeen are providing the recommended read, and it comes from Max.

My recommended read is 'The Christmasaurus' by Tom Fletcher. The main character, William Trundle, is in primary school, like us. He has an exciting adventure at Christmas. I like that there is a music soundtrack to listen to songs that tell part of the story as you go along. There are

15 songs and the funniest is 'It must be Christmas time'. You will like this book if you like Christmas, dinosaurs, and music. But it is probably best read in December!"

Science Week

Thank you to everyone who has already responded!

Calling all parents in science based careers. Doctors, nurses and dentists, architects, engineers, biologists, science teachers..... During our school's Science week from 10th-14th March, we will be looking at our Aspirations for the Future in our 'Future Me' themed week. We would love to hear from any of you who would be willing to come in and talk to the children about your job and the journey to have taken to get to your correct position.....

Science Challenge

A fun one for you to enjoy, all about chromatography! Remember to send in photos or videos to hello@mounthawke.org.

Chromatography is the process of separating colour pigments.

What You Need: paper towels, peg, tablespoon, water-soluble markers, coffee filters, clear cup, water	What You Do: 1. Take a coffee filter and mark a line two inches from the bottom. 2. Fold the coffee filter in half. 3. Decorate above the mark with markers. 4. Pour two tablespoons of water into the cup. 5. Fold the coffee filter in half twice and put it in the cup. 6. The colours will travel upwards on the filter! What colours can you see? 7. Take the filter out, and let it unfold and dry.
What's happening? Colours are made up of molecules! The coffee filter absorbed the liquid, and the colour molecules get dissolved. Some of these colour molecules are smaller and lighter than others, so they move at different speeds. That's why the colours look separate!  What could you turn the colourful filter into?	

Sports News

Yesterday, our Football Team played Archbishop Benson School at Chiverton coming away with a loss after some great play, and today our Girls' Team is playing at Truro College.

Head Lice

We have had several reports from families of headlice in children's hair. Please take time to check your child's hair, treat it if lice or nits are found, and tie back longer hair. It takes three weeks to break the cycle so we could do this by half term. More information can be found here - [Head lice and nits - NHS](#)
